Recommendations:

- In an effort to support our communities, the Program Target Chairman is recommending the reduction of the Program budget by 50% only for the 2021 calendar year.

Upcoming Monthly Activities/Projects/Programs:

Target II: Virtual Walk Against Hunger—Saturday, October 3, 2020

Target II: Virtual Breast Cancer Awareness Day---Monday, October 5, 2020

Target II: Virtual AKA Caregiver's Day, Friday, November 20, 2020

Upcoming Monthly Activities/Projects/Programs (continued):

Breast Cancer Community Impact Day is Saturday, October 5, 2020. Breast Cancer Awareness and Prevention focuses specifically on early detection through mammograms to improve the survival rate of women diagnosed with breast cancer. In our communities, we are encouraged to share the attached flyer, participate in Delta Omega Chapter virtual impact day activity.

Let's continue to do our part, support **Breast Cancer Awareness** and tag a soror, friend or colleague throughout the month of October. Together, we will emphasize the need for African American women to receive regular mammograms. Don't forget to share the flyer on your social media platforms.

Additional Program Target Updates:

The International Program Committee in collaboration with the International Risk Management Task Force and the Pandemic Task Force is pleased to introduce the **"Wear A Mask: It's A Serious Matter!"** campaign.

Alpha Kappa Alpha's "**Wear A Mask: It's A Serious Matter!**" campaign illustrates the importance of wearing a mask, social distancing, regular handwashing and sanitizing in order to mitigate the spread of COVID-19. The CDC recommends that people over the age of two years should wear a mask in public places and when around people who do not reside in their households, especially when other social distancing measures are difficult to maintain. COVID-19 can be spread by people who do not have symptoms and do not know that they are infected. These asymptomatic carriers often unwittingly contribute to community spread with sometimes deadly consequences.
